- B. Other Items from Commission
- C. Learning: How are we doing?

Commissioners: Steven Baker; Jonathan Belcher; Rick Duncan; Randy Hledik, Vice Chair;
John Jaworski; Jeffery Mills, Chair; William Randall

AGENDA ITEM SUMMARY
April 16, 2012

To: Eugene Planning Commission
From: Carolyn Weiss, City of Eugene Planning Division
Subject: Envision Eugene Recommendation: Land for Homes, Parks and Schools

ISSUE STATEMENT

This work session provides an opportunity to discuss the City Manager's recommendation for the Envision Eugene draft proposal in preparation for developing the Planning Commission's recommendation to City Council. This work session is a continuation of the April 9 meeting on land for homes. If additional time allows, the discussion will include land for parks and schools.

BACKGROUND

Two primary goals of the Envision Eugene project are to: 1) determine how Eugene will accommodate the next 20 years of growth in our community, as required by state law, and 2) create a future that is livable, sustainable, beautiful and prosperous.

On March 14, City Manager Jon Ruiz presented his draft recommendation on Envision Eugene to the City Council. The council webcast and the presentation slides can be viewed at www.envisioneugene.org. The City Manager gave a similar presentation to the Planning Commission on March 19, and the webcast can be viewed at www.eugene-or.gov/pc. Documents supporting the recommendation have been forwarded to the Planning Commission and can be found on line at www.envisioneugene.org.

The purpose of this work session is to provide Planning Commission with an opportunity to ask questions and discuss the basis for the recommendation regarding land for homes. Staff will not be providing a formal presentation; however, the following documents will be the basis for this discussion:

- Pillars: Compact Urban Development; Neighborhood Livability
- Tech Summaries: Multi-family Housing; Land for Parks, Schools and Infrastructure; UGB Expansion

Specific issues which may be discussed include, but are not limited to:

- Accommodating additional multi-family housing need in the downtown, along transit corridors and in core commercial areas
 - Incentives and Regulatory Changes
 - Area Planning/ Transitions to neighborhoods

- Infill Compatibility Standards/ Opportunity Siting
- Neighborhood Planning

NEXT STEPS

There have been some adjustments to the topics for discussion for upcoming Planning Commission work sessions. The current schedule is as follows:

April 16: Finish Land for Homes (Compact Urban Development and Neighborhood Livability Pillars); Land for Parks, Schools and Infrastructure as time allows

April 23: Climate Change; Natural Resources; and Flexible Implementation Pillars

April 30: Land for Jobs (Economic Opportunities and Compact Urban Development Pillars)

May 7: South Willamette Concept Plan; Transportation System Plan Update

May 21: Wrap-up/Recommendation
